

PAWSABILITIES BENGAL CATS

AMYBETH MILLER
7381 COUNTY ROUTE 112
ADDISON, NY 14801

Deposit Agreement

The non-refundable deposit of \$250 is required to hold each spot on the waitlist and/or reserve an available cat/kitten. Before a deposit is submitted, you must fill out the kitten questionnaire and be approved for deposit submission.

The picking order of kittens is determined by the order the deposits are received. The waitlist will be notified when kittens are released to the waitlist to be chosen from. Kittens usually will be released to the waitlist between 6-8 weeks old. The first person on the waitlist will be given up to 48 hours to choose from the available waitlisted kittens or may also decide to pass to a future litter. It is necessary to have a time limit to keep the process moving. Once the first person makes their choice it will go on to the next until there is either no more kittens in this group to choose from or no more people remain on the waitlist. If there are still kittens available once the waitlist is fulfilled, the kittens will then be moved to the general available kitten list. To continue to

be a successful Bengal program, I may hold kittens under Evaluation for a longer period of time that show a potential to improve my breeding program. If I determine the kitten will not be staying in my program, it will be released back to the available waitlist or available kittens.

The \$250 deposit is applied to the total cat/kitten cost.

Kittens will usually be ready to go between 14-16 weeks old. They will come with their first two HCPCh vaccines, rabies vaccine, routine parasite control, microchip and will be spayed or neutered.

Retired adult cats will come with up to date vaccines, routine parasite control, microchip and spayed or neutered.

Deposits are accepted via Venmo, ApplePay or Zelle

Pawsabilities Bengal Cats has the right to cancel any deposit at which point that deposit will be returned.

I _____ agree to the above process and acknowledge this deposit is non-refundable.
